Tibetan Terrier Club of America

2009 Journal & Yearbook
For the second consecutive year, Ri Lee show dogs won Best In Show Bred By at the prestigious Chicago International KC show. Luigi was chosen as this year’s Bred By Best In Show winner during our Regional Specialty weekend where he also earned two 5-point majors to finish his championship in style!

Talk about a golden boy with a golden touch!

Ri Lee — Where winning is a family tradition
Home of Multiple Best in Show & National Specialty Winners — Multiple Top 20 Winners — and THE TOP Group Winning Bitch in Breed History — 67+ champions to date
Owned by Barbara Cantalini, Laurie Evans and Nikkie Kinziger

From the Editor...
I am happy to present the 2009 TTCA Journal & Yearbook. Many thanks to the following individuals for their contributions: Jackie Faust – Stats and Procedures, Sandy White – Ads, Sarah Osmeloski – Performance Stats, Stacy LaForge – AKC Stats, Michael McLoughlin, Conformation and ROM Stats, Brenda Brown, Health Committee, Gail Toracinta – Top 50 Ads.

I would also like to thank all those who shared their photos for the cover, section pages and miscellaneous pieces throughout the book.

As always, I welcome your suggestions and comments. Enjoy!

Flossie Barczewski

President’s Message

The economic recession in our country continued to worsen to a degree that most of us who were not around in the 1930’s have ever experienced. I am proud to say, that in spite of these problems that beset many of us, the support of our members for our club and our breed did not waiver. We reversed the trend of declining membership that the club and most AKC breed clubs have been experiencing for a number of years and actually had a small increase.

As Bob Kreis described in his message in the 2008 Journal, an ancillary result of the recession shows up in rescue incidences. Often, average citizens who for one reason or another could not keep their dogs, called our club to help find homes for their TT’s. We were prepared to handle this and our rescue committee did so in a very competent manner. However, as we experienced in late 2008, large scale “for profit” breeders not affiliated with the TTCA were closing down or being closed down by authorities leaving many neglected dogs. As the year began, we were just completing a 19 dog California rescue successfully, when we were besieged by a horrific situation in Missouri. The State had closed down a breeder and we rescued 18 TT’s in very poor condition. This was a long arduous process that has been well documented to the membership. We were not prepared for the tremendous strain that this put on our club from a volunteer or a financial standpoint. Thankfully, excellent stewardship of our rescue finances since the beginning in 1994 allowed us to handle this situation, but severely depleted our reserves. The membership of the TTCA stood tall and with the work of many volunteers we were able to rebuild our financial position. It took the better part of 2009 to complete this rescue and it consumed a tremendous amount of energy and time of our volunteers, and I must say our board. We have revised our rescue procedures to better enable us to deal with this type of situation should it occur in the future.

Our Specialty in Denver was an excellent event. The TTCA Board awarded Linda Nagao the Good Sportsman Award and Camille Manfredonia and Sandy Benton received the President’s Award for their rescue work.

The financial well being of our specialties is of ongoing concern, and is directly related to attendance and participation in specialty events by our membership. Those who volunteer to make these events happen do yeoman’s work that only those who have participated in the past can truly appreciate. The Board approved a new set of National Show Guidelines in May and new Regional Show Guidelines later in the year. These two documents were long in the making, and will be a tremendous help to those who take responsibility for these events.
We participated in the first “new” AKC Meet the Breeds event at the Javits Center in New York City in October. We had a beautiful Tibetan themed booth that was set up and manned by our members in the area. It was a tremendous success with approximately 40,000 attendees. Most likely it will become an annual event.

Our Health Committee working in conjunction with our Foundation was intimately involved with historic new discoveries that will affect the future of our breed. Genetic researchers at the University of Missouri and simultaneously at Cambridge University in England isolated a mutation responsible for Primary Lens Luxation (PLL) in numerous breeds of dogs including Tibetan Terriers. This was fabulous news for our breed in our quest to eliminate this dreaded disease. PLL DNA testing is available at reasonable costs. Working through the Health Committee and our Foundation, the TTCA’s participation both in terms of data input and financial support was immensely important in the realization of these discoveries.

Our Health Committee is actively working with researchers as new discoveries are on the horizon. We also completed a new Health Survey from the membership that will help direct our energies and financial support to research going forward.

2009 was a busy year! We were able to accomplish much in spite of the economic climate for one reason and one reason only: “The dedicated and unselfish contribution of our volunteer membership.” One of my goals when I became President was to work with our board to reach out and attempt to involve more of our membership in the affairs of club management and committees. We have made inroads, but have much work to do. As we move into the coming years, our accomplishments as a club on behalf of our beloved breed is directly proportional to the participation of all of us.

Ken Edmonds

---

Constitution
THE TIBETAN TERRIER CLUB OF AMERICA, INC.

ARTICLE I
Name and Objectives

Section 1. The name of the Club shall be “The Tibetan Terrier Club of America."

Section 2. The objectives of the Club shall be:

(a) To encourage and promote the quality breeding of pure-bred Tibetan Terriers and to do all possible to bring their natural qualities to perfection.

(b) To encourage the organization of independent local Tibetan Terrier Specialty Clubs in those localities where there are sufficient fanciers of the breed to meet the requirements of The American Kennel Club.

(c) To urge members and breeders to accept the Standard of the breed as approved by The American Kennel Club as the only Standard of excellence by which Tibetan Terriers shall be judged.

(d) To do all in its power to protect and advance the interests of the breed and to encourage sportsmanlike competition at dog shows and obedience trials and other performance events.

(e) To conduct sanctioned matches, specialty shows, obedience trials and other performance events under the rules of The American Kennel Club.

Section 3. The club shall not be conducted or operated for profit and no part of any profits or remainder or residue from dues or donations to the club shall inure to the benefit of any member or individual.

Section 4. The members of the Club shall adopt and may from time to time revise such by laws as may be required to carry out these objectives.

(Amended & Approved by TTCA April 10, 2006, AKC Approved May 26, 2006)
TIBETAN TERRIER CLUB OF AMERICA, INC.
Minutes of the Annual Board Meeting
Monday, May 25, 2009
Denver, Colorado

The Tibetan Terrier Club of America Board Meeting was called to order at 8:30 a.m. (Central time), on May 25, 2008 in a conference room in the Crowne Plaza Hotel, Airport in Denver, Colorado.

The following Board Members were present:
Ken Edmonds, President
Ron Pankiewicz, 1st Vice President
Terry Dennison, 2nd Vice President
Gale Mattison, Treasurer
Virginia Argenbright, Corresponding Secretary
Kim Ivie, Recording Secretary
Kaye Stanuch, Director
Karen Sponable, Director
Jackie Kaar, Director
Jean Allen, Director
Mike McLoughlin, Director

Kate Stanuch moves that we waive the reading of last year’s annual meeting minutes. The motion was seconded by Ron Pankiewicz. The board voted unanimously to waive the reading of the minutes.

Recording Secretary: Kim Ivie, nothing to report at this time.

Corresponding Secretary: Virginia Argenbright, expressed difficulty in getting all the committee reports returned in timely fashion to be presented at the Annual Board meeting. Virginia has nothing further to report at this time.

Treasurer’s Report: Gale Mattison
Gale expresses gratitude to Gail Toracinta for turning the accounting for this club over to him in such good shape. Gale discusses the ups and downs of processing the volume of checks this organization receives. The Club ended the year in the black. Gale anticipates two Yearbooks will be published in the coming year to catch up the Yearbook distribution to membership. The publishing of two Yearbooks will affect the clubs bottom line in the coming year.

The board discusses the Profit and Loss statement and a Budget for 2009-2010.

Gale discusses the high fees the Club pays in order to accept Visa/MasterCard. The board will revisit this topic after the upcoming World Congress which will occur in PA, as it will be to the Club’s advantage to continue taking Visa/MasterCard until this large show is over.

Gale is requesting assistance in locating the original paperwork for the Club’s 501C7.

Gale discusses Membership. We have 454 members renewed and 42 members have not, with 30 new members. Gale thinks that a few more will come in. Many households have only renewed one family member rather than two. Ken asks if we have maintained or have we experienced a drop in membership. Virginia believes the membership to be holding steady at about 10% loss annually of membership which has historically been the percentage.

Motion to accept the Treasurer’s Report is made by Karen and seconded by Ron. The Board unanimously accepts the Treasurer’s Report.

COMMITTEE REPORTS:

AKC Gazette: Sue Mechem to remain as Chair, not present.

A report was submitted by Sue. The breed columns were a big hit throughout the year last year with only one problem occurring when AKC lost the December article. Ron states that Sue is always open to anyone submitting an article for possible publishing in the Gazette. Stacey expresses that her fellow Delegates gain knowledge about the other breeds by reading the columns.

AKC Invitational: Candy Rizkowski to remain as Chair. Not present.

A report was submitted by Candy. Discussion was made regarding the Goal for Trophy’s to be donations to the TTHWF.

Audit: Kate Stanuch Stanuch will remain as Chair, present.

A report was submitted by Kate Stanuch. Kate Stanuch discussed the completed external financial review with the change of the Treasurer. Audit was completed, May 17, 2009 with Gail Toracinta, Joann Gatzen and Kate Stanuch. Joann Gatzen will be Chair next year. A second person is needed to serve on the Committee with Joann. Joann is currently working on that. Kate Stanuch will send all reports to Kim for inclusion in the Recording Secretary’s book.

Awards: Sandy Benton will remain as Chair, not present.

A report was submitted by Sandy.

Breeder’s Education: Currently there is no Chair person for this position. No report is given. The Board discusses the need to fill this position.

Ron P. makes point that there should be at least two people to serve on this committee.

Breeder Referral: Ron Wiley to remain as Chair, present.

A report is submitted. Ron has been working on updating the Breeder Referral list. Ron would like to accept all the forms electronically rather than by mail. He would also like the checks to go directly to Gale M. with the stipulation worded on the forms that cashing of checks does not guarantee acceptance to the Breeder Referral list. Funds will be returned if the Breeder is rejected. Ken does not believe that there would be any reason why we could not accept the forms electronically. Virginia would like to know whether there be very many breeders who would be unable to submit electronically. Right now there are 64 Breeders on the list.

Changes to the Breeder Referral Criteria made with a motion by Kate Stanuch and Seconded by Jean A.: Reporting of CERF exam results to the CERF registry on a voluntary basis for all litters born in 2010 with submission being made mandatory for litters born in 2011. Changes will be made to the Breeder Referral Agreement stating that dogs must have had OFA and CERF exams submitted and passed rather than the current statement that they must have Hip exams and eyes exams eligible for OFA or CERF certification. The Board votes unanimously to approve this motion.

The membership has requested on more than one occasion that Penn Hip be accepted as an additional screening tool for breeders and it would be alternate Hip clearance to OFA. Ron Wiley has collected data from Penn Hip.

Ron Pankiewicz makes a motion that all the data collected by Ron Wiley be sent to the Health Committee for their review and recommendation and gives the Health Committee three months to look over everything before a Board vote. The motion is seconded by Jackie Kaar. Board discussion on Penn Hip ensues. The Board votes on the motion: four board members are in favor of Ron P’s motion, two members abstain and four members are in opposition. The motion fails.
A motion made by Jean Allen and seconded by Kate Stanuch was made that Penn Hip be permitted as an acceptable hip evaluation for Breeder Referral. Penn Hip results would be accepted for breeder referral on dogs 12 months or older. No degenerative joint disease can be noted and a distraction of index of .45 (the sixtieth percentile currently) or as recommended by Penn Hip. The Board votes on the motion: Nine members vote in favor and one abstains.

A Board discussion realizing the fact that the numbers will change as more Breeders use Penn Hip as a tool for evaluation of hips. According to Penn Hip for our breed .45 is the sixtieth percentile. The point .45 can change as more dogs are submitted. It is important that our Breeders do understand that this number will change with more dogs submitted and dogs in the sixtieth percentile will be accepted. For Penn Hip there is no registry online available, do we want these results submitted to CHIC? Penn Hip has stated they will have an open database within the next year.

It is decided it is not necessary as Breeders must give copies of the clearances to Breeder referral and to the puppy buyers.

The age criteria would remain as it has been that no dog or bitch will breed before the age of two.

A separate motion is made by Gale Mattison and seconded by Kate Stanuch: No dog will be accepted by Breeder Referral with a diagnosis of degenerative joint disease observed on evaluation by Penn Hip. The Board votes on the motion and it is unanimously accepted.

A motion to accept the rewrite of the twenty two point Referral Guidelines is made by Kate Stanuch and seconded by Jean Allen. The Board votes to approve this motion unanimously.

A motion is made by Ron Pankiewicz and seconded by Kate Stanuch that electronic submissions of clearances are made as an alternative to the United States mail. The Board votes to unanimously approve this motion.

A motion is made by Kate Stanuch and seconded by Jean to clean up the FAQ document in order to have the document in order with the changes made and that only full members be eligible for the Breeder Referral list. All members would need to be members for two years instead of three to include the foreign membership, to be eligible for Breeder Referral.

Board discussion and consultation of the Constitution requires the motion be amended. The Constitution states that Associate members have all the privileges of Regular Members with the exception of voting.

The motion is amended to state that the FAQ document will be cleaned up in order to make document in order with new changes to Breeder Referral. All members would need to be members for two years instead of three this includes the foreign membership, to be eligible for Breeder Referral. The Board votes to approve this motion unanimously.

CLUB PIN: Eileen Bair to remain as chair. No changes necessary this committee continues to be handled well by Eileen Bair.

MERCHANDISING AND CALENDAR: Anthony “Tony” McCarrick does not wish to continue to Chair this position. Report sent. Discussion with Toby is necessary before the Board can continue discussion on this committee.

ELECTRONIC MEDIA: Sandy White will continue as Chair. Report sent. The Board discusses how improvements are ever occurring on the TTCA website. Sandy White continues to be very attentive and available to get anything requested up on the website.

FUTURITY: Shannon Shetler to remain as Chair. Gale Mattison discusses the need for the name of this committee to be updated in the financial books to Futurity rather than Breeder’s Showcase. This committee is doing quite well.

HEALTH COMMITTEE: Brenda Brown will continue as Chair. Stacey LaForge speaks on the new longevity program. The purpose is to recognize any dog that has lived thirteen years or more, registered with AKC or foreign registry and owned by a TTCA member. Veterinary proof of age is required and any veterinary record stating the age of the dog or rabies certificate would qualify. Age of death is not being tracked. No further update will be required. The information would be submitted once for any dog. Information of a deceased dog but, lived to be thirteen would be accepted. Only a handful of clubs have this program. Our longevity program will be very simple and require only a questionnaire and appropriate proof of age to register the dog with the Longevity program.

A motion is made to accept the Longevity Program by Jackie Kaar and seconded by Karen Sponable. The Board votes on the motion and it is unanimously accepted.

The online health survey is available.

HISTORIAN: Stacey LaForge will remain as Chair. Present. Stacey would like to thank Eileen Conduzio for the lovely scrapbooks. Stacey mentions that the show Photographers must make copies of all photos of the Nationals for the Historian.

INTERNATIONAL: Pat Nelson will remain as Chair. No report.

JOURNAL: Gail Toracinta will remain as Chair. No Report.

JUDGES EDUCATION: Margy Pankiewicz will remain as Chair. Margy would like to purchase a non-sporting video of the Tibetan Terrier for the Judges Education Program.

A motion to purchase the non-sporting Tibetan Terrier, video from AKC for Judges Education is made by Jackie Kaar and seconded by Kate Stanuch. The board votes unanimously to approve this motion.

LEGISLATIVE: Ron Pankiewicz will remain as Chair. Report is given. Ron discusses the purpose of this committee is to send out emails related to legislation occurring that can affect the sport of dogs and keeping dogs. His purpose is to send out the emails that come to him without opinion with the desire only to inform. There are cases where individuals may not be aware of the legislative actions occurring in their area.

MEMBERSHIP: Jean Allen to remain as Chair. Present. Report is given. Jean discusses the need for a separation on the data base of Associate versus Regular in order to aid in the tasks requiring a separation be made. Gale will make notation on dues notice that members not attempt to make upgrade of membership on dues form. Upgrades must go to Jean.

Motion is made to go into executive session to discuss two membership matters by Ron Pankiewicz and seconded by Virginia Argenbright. The motion is unanimously accepted.

Board comes out of executive session to vote by consensus on membership applications for: Earl Miller, Brian Leonard, Linda Campbell, James O’Gorman, Victoria O’Gorman, and Liz Lunn. All membership applications were accepted unanimously by the Board.

NATIONAL SHOW: Sue Carr will remain as Chair. Report was sent. The Board discusses the National Show committee’s idea of having the 2012
National to coincide with a cluster in St. Louis at Purina Farms. Bob Kreis is present to discuss the 2011 Harrisburg, PA also a proposal will be made for the committee to also handle the World Congress. Gettysburg did not work out as the proposal received from planned hotel was out of line. Submission of the paperwork for the World Congress 2011 will be made through Mark James. The 2010 National seems under control. There are fewer and fewer individuals able and willing to take on the planning of Nationals. As a result, the National Show Committee is looking to facilities like the Purina Facility to enable the Nationals to continue. Ron P. mentions that the Annual Board meetings always must occur with the National thus creating the need for a National occurring in a location which attendance will occur. Bob shares that this National is in good shape because we did not use a Superintendent but, there is concern about the auction. Agility at Nationals can be funded by Mary Doyle’s free standing annual agility trial and probably will not be offered at all Nationals even with Mary Doyle’s help. The National Committee could get more involved in helping individuals to do Nationals. Another area where there is a need is to get the local members involved in the helping with the basics of a National held in their area.

KEN would like committees set up for the Regional to develop Guidelines that should not be too cumbersome. People who have hosted Regional shows should be involved. The Chair of this Committee will be Bob Kreis and the members of the Committee will be Ken Edmonds, Stacey Laforge, Sue Carr, and Alice Smith.

A motion to establish a Regional Show committee to develop Regional Show Guidelines is made by Terry Dennison and seconded by Ron Pankiewicz. The Board votes unanimously to pass this motion.

Ken discusses the need to develop a permanent National Show Committee to run the National each year. This way the local group could provide the local flavor but, would not have to deal with things like dinner reservations etc. Experienced individuals could take over the National if need be or the National Show Coordination Committee could simply administrate things like the dinner reservations and trophy donations, etc. Ron shares the idea that the National Show Committee would be a training ground for individuals who may in the future do a National. Volunteers for the additional members to the National Show Committee are Terry Dennison, Karen Sponable, and Jackie Kaar.

A motion is made to change the National Show Committee’s mission to add additional members to the existing committee with the goal of coming up with a method to improve the manner in which the National Specialties are conducted and providing greater assistance to local volunteers by Gale Mattison and seconded by Jackie Kaar. The Board votes unanimously to pass this motion.

INVITATIONAL: Karen Sponable to remain as Chair. Present. Report is given. Karen would like to institute a People’s Choice Award. Anyone holding a meal ticket would vote on their favorite dog. At the same time a fish bowl would be passed giving members an opportunity to give to rescue through the Foundation. Karen will check and make sure that all the Judges would be o.k. with this competition. There would be a memento for the winner. Karen would like her budget increased to $1,200.00.

NOMINATING: No Chair at this time.

PERFORMANCE: Sarah Osmeloski will remain as Chair. No Report.

PROCEDURAL MANUAL: David Van Pelt will remain as Chair. No Report

STATISTICS: Mike McLoughlin will remain as Chair. Present. Report is given. Mike discusses the possibility of publishing data of champions, etc. Ron P. states that this practice was abandoned in the past because it seemed to foster poor breeding practices. Mike asks if he is permitted to give individuals the information from our data base. Individuals really do not need the data from the statistics data base because the data is available in Journals.

PUBLISHING: Flossie Barczewski will remain as Chair through 2009. Present through conference call. Report is given. Flossie B. apologizes that she did not get the 2007 Journal out but, it is out now. Flossie and Gail Toracinta will be getting together to transition the Journal. Flossie B. is grateful that Jackie Faust would be willing to take over publishing as she does not feel with her personal commitments she can continue. Discussion ensues about how to obtain more articles to be published in the newsletter for people who are not interested in breeding. Suggestions are made to recycle some of the previously written articles with the permission of the authors.

Motion is made that Jackie Faust take over the Chair of Publishing after Flossie B. resigns, by Terry Dennison and seconded by Gale Mattison. The board votes unanimously to accept this motion.

The Board breaks from committee reports while awaiting the arrival of Sandy White and a conference call to Camille Manfredonia. Board discussion continued on the following topics:

MEET THE BREEDS: Mike McLoughlin is present to discuss. The event planning is going very well. Mike is asked to have a letter regarding this event in the Aug/Sept newsletter.

DIRECTORS FOR THE TIBETAN TERRIER HEALTH AND WELFARE FOUNDATION: Jack Herschler is the Treasurer and wishes to continue. Ken states that Jack does a terrific job. Brenda Algar has resigned. There is a nomination for Margie Pankiewicz to the Board. The process for nomination to the TTHWF must come through the TTCA board at least thirty days in advance of vacancies on the TTHWF. A notice will be posted in the Newsletter to enable membership to self nominate through a Board member.

By consensus the Board appoints Jack Herschler and Margie Pankiewicz to the two vacant Director seats for the TTHWF.

Board discussion returns to Committee reports:

RESCUE: Camille Manfredonia will continue as Chair. Present by conference call. Report is given. Sandy White is present. Camille reports that five dogs from the Missouri rescue have liver related illness. Two of the five have relapsed and one of the five dogs has died. Necropsy results are still pending. There are four rescues still in paid foster care. Russ Smith has a foster dog and there is still one with Camille and one of them is in a foster to adopt home. Camille discusses the difficulty getting volunteers to foster dogs and to help with this rescue. She is feeling quite alone in the effort in her area. For this rescue the fees for adoption are from $50.00 to $200.00 as most of the dogs were in less than optimal condition and requiring some on-going veterinary care such as dentals. The California rescue dogs were in much better condition and these adoption fees were more. California still remains to be the biggest state with the biggest rescue problems with problems also in Texas and Florida to some degree. Several thousand dollars worth of veterinary bills are yet to come in on the Missouri rescue dogs. Discussion with Camille related to the list of dogs that have come through Rescue ensued.
Camille reports that she would like to see a Grant writer become a participant in Rescue because of the monies available through grants. Kate Stanuch has a contact if we could get information on the details of particular sources where grants are available. Ken suggests it could take two additional Rescue volunteers to simply research and find where the money is. The Board thanks Camille for the work well done over the past year. Conference call with Camille ends.

Board discussion ensues of past mill rescues and the problems of these individuals operating again. Board discusses the money issue related to these large rescues and the eventuality that the money will run out. The Foundation also has other functions and broad spectrum fund raising needs to occur so that money raised can fund research in health issues in the breed. Sandy shares that just simply not having dogs in paid foster care would really stop the large amount of outgoing cash. Terry would like to see a network coordinator finding the foster homes and connecting needs to resources. There is no way to know if what Rescue has experienced is going to become the norm. Sandy shares that the demand for rescue dogs has consistently gone up and it is this Missouri situation that has been different in homing the dogs because these dogs were not typical of what has been typically seen in Rescue. The Board is committed to getting Camille some help in rescue.

**Motion is made to accept the Committee reports by Gale Mattison and seconded by Jackie Kaar. The Board votes unanimously to accept this motion.**

**Board discussion now turns to agenda items:**

**AKC’s Good Sportsmanship Award:**
Three nominations were made for the good sportsmanship award. A nomination was made from the membership for Ron Erickson and Dennis Kawasaki. A nomination was made from the Board for Linda Nagao. Terry Dennison speaks about Linda’s good sportsmanship during Terry’s visits to the Denver area to show dogs.

*The Board approved by secret ballot Linda Nagao for the Good Sportsmanship award.*

**Agility:** Board discusses the value of offering agility as an event at National Specialties.

*A motion is made to encourage Agility at National Shows at the Show Chair’s discretion by Ron Pankiewicz and seconded by Mike McLoughlin. The Board votes unanimously to approve this motion.*

**Membership Communications:**
The Board discusses the ongoing need to attract new membership. The breeder’s are an asset in the recruiting process. Jean has applications and will be setting a table to get people signed up in a venue that allows for the two member sponsors to be found quickly on-site. A recommendation is made to make arrangements a few times a year for members to take membership applications with them to all-breed shows. The Board realizes the ongoing challenges of getting existing TTCA members involved in the club.

*The meeting is recessed at 5:45 p.m. (central time) until Friday, May 29, 2009 the Board will meet directly following the Annual Meeting.*
The Annual Meeting of the Tibetan Terrier Club of America is called to order 8:30 p.m. (central time) on Friday, May 29, 2009.

Kate Staunch moves to waive the reading of minutes of the Annual Meeting taking place March 28, 2008. The motion is seconded by Terry Dennison. The membership accepts this motion unanimously.

Flossie Barczewski draws the winners of the covers of the 2008 Journal. The back cover is won by Brenda Algar. The inside back cover is won by Gail Toracinta. The inside front cover is won by Nikkie Kinziger.

Bob Kreis gives membership an update on Carol’s condition. Bob begins the wine auction to benefit the TTHWF.

**PRESIDENT’S ADDRESS**

Ken Edmonds begins by thanking all the Committee Members serving in all the various committees of the TTCA. A round of applause is called for, the show Chair Sandy Benton and the membership of the Rocky Mountain Tibetan Terrier Club. Karen Sponable is recognized for her work in putting together the Top Twenty Competition and dinner each year.

Ken introduces the Board. Ken would like the membership to recognize the Board as approachable and working for the betterment of the breed and the club. Ron Wiley has taken over Breeder referral and is doing a terrific job. The Board approved acceptance of Penn Hip evaluation as an option for screening hips for acceptance on the Breeder Referral list. Gail Toracinta will be taking over the Journal and the goal is to have the 2008 Journal out by the end of the year. The health survey online is open until June 30 and Ken asks that anyone who has not done this to please fill out the survey. The survey is anonymous.

**SECRETARY’S REPORT**

Virginia Argenbright states that the current membership is at 455 members. Please encourage membership as our membership dropped by 41 members. Anyone who has talents to offer, the club continues to need volunteers in all areas. Please volunteer.

**TREASURER’S REPORT**

Gale Mattison gives the financial report. In the fiscal year 2008-2009 the club had a net income of $7457.00. The biggest factor in the income was no Journal was published. For the fiscal year 2009-2010 club has a projected income of just over $51,000 and expenses of $58,000. This is where the income left over from last fiscal year comes in. The expense of two journal sand a charitable donation to the TTHWF is included in the expenses. Thank you to the membership for last evenings auction which brought in $6,639.00. We are off to a very good start for the National Specialty next year. It makes a difference to the Club financially if you stay in the host hotel. Please consider staying in the host hotel.

**RESCUE REPORT**

Terry Dennison shares it was a very busy year in Rescue. Eighty-one dogs went through the Rescue. Two major rescues occurred, one in California and one in Missouri. The dogs in California were given to a middle person who then relinquished them to the TTCA rescue. The dogs were transported to Sandy Benton in Colorado. Sandy and a crew of volunteers worked tirelessly to get these dogs in condition to be adopted. During the California rescue, Camille was alerted of a potential rescue in Missouri. The Missouri Rescue was made in conjunction with the authorities in the area and eighteen dogs were rescued. The Missouri dogs were transported to New Jersey, where they were assessed and Veterinary care was given. To date, there still are several very sick dogs and dogs being boarded because of a lack of foster homes. Foster homes are needed all over the country. When a call comes in for a rescue, it is necessary that club members step up and foster dogs or many other tasks such as transporting, making calls, etc. In 2008, the income for Rescue was $15,595.00 and the expenses were $17,346.00. In 2009 thus far, the income is $8,555.00. This figure resulted from a big push after the Missouri rescue. The expenses for 2009 thus far are $7,976.00 with an expected $6,000.00 in expenses not yet in.

**LEGISLATIVE LIAISON REPORT**

Ron Pankiewicz states many of the issues that affect all of us are legislative actions that are meant to close down Mills. Often there is high costs involved owning dogs because of this legislation or a cost for owning intact dogs, laws against tail dockings, laws against owning pit bulls – once one breed is banned it could happen to any breed. These days much of the bad dog legislation is wrapped in otherwise good legislation making it difficult to see until it is passed. If you have an interest in dog legislation sign up for email updates and unblock your email so that the updates can be received. Another point to be made is: the Board is not taking positions (unless noted) on this legislation it is just information in the hope that members can be informed of current legislative action occurring in their location.

**AKC DELEGATE’S REPORT**

Stacey LaForge discusses the link on TTCA website to AKC’s website which can help you track legislation in your area. If you are aware of any legislation AKC would like to know about it.

AKC has made moves to include mixed breed dogs in some companion events. October 1, 2009 owners will be able to list their dogs with a new mixed breed program. All dogs must be spayed and neutered. Starting April 1, 2010 AKC clubs will have the option of holding mixed breed agility, obedience and rally classes. It is only to be at stand alone events, not at all breed shows or Specialty events.

Group Realignment, if passed, will go into effect in 2012. All of this is still very up in the air. There may be a delegate vote in September and anyone interested in this issue is encouraged to call Stacey. The Groups will be expanded from seven groups to 10 groups to include eighty new breeds. There will be two different types of hound groups and two different types of sporting groups, a Northern group would be added, the non-sporting group
The Tibetan Terrier evolved over many centuries, surviving in Tibet’s extreme climate and difficult terrain. The breed developed a protective double coat, compact size, unique foot construction, and great agility. The Tibetan Terrier served as a steadfast, devoted companion in all of the owner’s endeavors.

General Appearance:
The Tibetan Terrier is a medium-sized dog, profusely coated, of powerful build, and square in proportion. A fall of hair covers the eyes and foreface. The well-feathered tail curls up and falls forward over the back. The feet are large, flat, and round in shape producing a snowshoe effect that provides traction. The Tibetan Terrier is well balanced and capable of both strong and efficient movement. The Tibetan Terrier is shown as naturally as possible.

Head:
Skull — Medium length neither broad nor coarse. The length from the eye to the tip of the nose is equal to the length from eye to the occiput. The skull narrows slightly from ear to eye. It is not domed but not absolutely flat between the ears. The head is well furnished with long hair, falling forward over the eyes and foreface. The cheekbones are curved but not so overdeveloped as to bulge.
Muzzle — The lower jaw has a small amount of beard.
Stop — There is a marked stop but not exaggerated.
Nose — Black.
Teeth — White, strong and evenly placed. There is a distinct curve in the jaws between the canines. A tight scissors bite, a tight reverse scissors bite or a level bite are equally acceptable. A slightly undershot bit is acceptable.
Eyes — Large, set fairly wide apart, dark brown and may appear black in color, neither prominent or sunken. Eye rims are dark in color.
Ears — Pendant, falling not too close to the head, heavily feathered with a “V” shaped leather proportionate to the head.
Faults — Weak pointed muzzle. Any color other than a black nose. Overshot bite or very undershot bite or a wry mouth. Long narrow head. Lack of fall over the eyes and foreface.

Neck and Body:
Neck — Length proportionate to the body and head.
Body — Compact, square and strong, capable of speed and endurance.
Chest — Heavily furnished. The brisket extends downward to the top of the elbow in the mature Tibetan Terrier.
Ribs — The body is well ribbed up and never cloddy or coarse. The rib cage is not too wide across the chest and narrows slightly to permit the forelegs to work free at the sides.
Loin — Slightly arched.
Tail — Medium length, heavily furnished, set on fairly high and falls forward over the back, may curl to either side. There may be a kink near the tip.

Forequarters:
Shoulders — Sloping well muscled and well laid back.
Legs — Straight and strong when viewed from the front. Heavily furnished. The vertical distance from the withers to the elbow equals the distance from the elbows to the ground.
The feet of the Tibetan Terrier are unique in form among dogs. They are large, flat and round in shape producing a snowshoe effect that provides traction. The pads are thick and strong. They are heavily furnished with hair between the toes and pads. Hair between the toes and pads may be trimmed level with the underside of the pads for health reasons. The dog should stand well down on its pads.

**Dewclaws** – May be removed.

**Hindquarters:**

**Legs** – Well furnished, with well bent stifles and the hind legs are slightly longer than the forelegs.

**Thighs** – Relatively broad and well muscled.

**Hocks** – Low set and turn neither in nor out.

**Feet** – Same as forefeet.

**Dewclaws** – may be removed.

**Coat:**

Double coat. Undercoat is soft and woolly. Outer coat is profuse and fine but never silky or woolly. May be wavy or straight. Coat is long but should not hang to the ground. When standing on a hard surface an area of light should be seen under the dog. The coat of puppies is shorter, single and often has a softer texture than that of adults. A natural part is often present over the neck and back.

**Faults** – Lack of double coat in adults. Sculpturing, scissoring, stripping or shaving are totally contrary to breed type and are serious faults.

**Color:**

Any color or combination of colors including white are acceptable to the breed. There are no preferred colors or combinations of colors.

**Gait:**

The Tibetan Terrier has a free effortless stride with good reach in front and flexibility in the rear allowing full extension. When gaiting, the hind legs should go neither inside or outside the front legs but should move on the same track approaching single tracking when the dog is moved at a fast trot. The dog with the correct foot and leg construction moves with elasticity and drive indicating that the dog is capable of great agility as well as endurance.

**Size:**

Average weight is 20 to 24 pounds, but the weight range may be 18 to 30 pounds. Proportion of weight to height is far more important than specific weight and should reflect a well-balanced square dog. The average height in dogs is 15 to 16 inches, bitches slightly smaller. The length, measured from the point of shoulder to the root of tail, is equal to the height measured from the highest point of the withers to the ground.

**Faults** – any height above 17 inches or below 14 inches.

**Temperament:**

The Tibetan Terrier is highly intelligent, sensitive, loyal, devoted and affectionate. The breed may be cautious or reserved.

**Faults** – Extreme shyness.

---

**GUIDELINES FOR RESPONSIBLE BREEDERS**

**TIBETAN TERRIER CLUB OF AMERICA, INC.**

These guidelines are established in accordance with the objectives of the Tibetan Terrier Club of America, Inc. and are set forth to protect and advance the interest of our breed by maintaining high breeding standards. The TTCA endorses and encourages all members to follow them.

A Responsible Breeder:

1. Abides by the Constitution and By-Laws of the TTCA and the rules of the American Kennel Club.
2. Maintains the best possible standards of canine health, cleanliness and veterinary care, and provides facilities for excellent pre-natal and post-natal care of the dam and puppies.
3. Maintains accurate breeding records, registrations papers and pedigrees, furnishing each purchaser with proper registration or transfer papers, unless written agreement is made at the time of sale that papers be withheld.
4. Makes sure all services and sales arrangements are mutually agreed upon, stated in writing, and signed by all parties involved.
5. Keeps all advertising honest and in no way intentionally misleading, fraudulent or misrepresented.
6. Learns and understands the AKC standard of the breed, and breeds with the intention of conforming to it.
7. Breeds only with the intention of improving the breed, and of finding suitable, carefully screened, safe and loving homes for the puppies.
8. Chooses only healthy, registered parents of excellent temperament and qualities, X-rayed and eye examined, resulting in eligibility for OFA and CERF certification, doing everything possible to prevent passing on devastating genetic defects.
9. Breeds only mature bitches, preferably over two years of age, skipping a season between most litters.
10. Refuses to breed a stud dog or brood bitch to any animal which is not registered or is markedly inferior, physically or temperamentally.
11. Does not sell or consign Tibetan Terriers to pet shops or other commercial dealers, nor does he breed his animals to their animals.
12. Is as selective in breeding his stud dog as he is in breeding his brood bitch.
13. Does not donate Tibetan Terriers for raffles or auctions.
14. Honestly evaluates the quality of the Tibetan Terrier to be sold, and fairly represents that evaluation.
15. Requires puppy purchasers to spay or neuter all pets which for any reason may not be qualified to be used for breeding.
16. Acknowledges his responsibility for any dog he has bred for its entire lifetime and makes written arrangements for its return to him at any time the purchaser no longer wishes to keep it.
17. Does not release puppies to new homes before they are at least eight weeks of age and have been properly socialized.
18. Furnishes complete details and feeding, general care, medical inoculations, grooming, pedicure, etc.
19. Insists in writing that the purchaser have the puppy checked by a veterinarian within 72 hours of sale, making clear that if the puppy is found to be unfit, it must be returned for either replacement or refund of purchase price.
20. Tries to assist the serious novice in his understanding of the breed.
21. Follows up on all puppies and adults after the sale to insure their continued care and to encourage the owners to become involved in pure-bred dog activities.
22. Conducts himself at all times in such a manner as to reflect credit upon himself, the sport of pure-bred dogs, and his Tibetan Terrier in particular. Approved by vote of the Board of Directors of the Tibetan Terrier Club of America, Inc. 1987. Approved by vote of the Membership of the Tibetan Terrier Club of America, Inc. 1988.

The Tibetan Terrier Club of America, Inc., makes no guarantee with respect to any Tibetan Terrier acquired from or through any of its members.

The TTCA application for membership contains these guidelines and states that signing the application acknowledges the applicant has read them. Breeders who wish to be listed in the TTCA Breeder Referral Listings sign a copy of the Guidelines with a statement that they agree to follow them.
2009 Breeder Referral Participant List

**BREEDER REFERRAL BASICS**

The TTCA maintains a breeder referral system which not only is of help to breeders looking to place puppies but, more importantly, to help folks looking for puppies to find reliable and responsible breeders who are members of the parent club. In order to assure potential buyers that the breeders who have chosen to be listed (advertise) on the TTCA Breeder Referral List are in compliance with the Breeder Referral health guidelines, we will now be asking those breeders on the list to provide, on an annual basis, verification of their compliance with the minimum basic health criteria of hip and eye clearances on the sires and dams of their litters.

Any TTCA member who wishes to remain on or be added to the TTCA Breeder Referral List, will be required to be a TTCA member in good standing for the preceding 2 (two) years and will need to submit the following on an annual basis beginning with litters born after September 1, 2005:

1) A signed and dated copy of the Breeder Referral Guidelines
2) The annual fee for being on the Breeder Referral List (currently $35.00)
3) A list of all litters of which they are listed as breeder OR co-breeder which were whelped in the previous calendar year including:
   a) Date of each litter whelped with
   b) Registered name of Sire and Dam
   c) AKC numbers of Sire and Dam
   d) OFA hip clearances of Sire and Dam, or a PennHIP clearance*.
   e) CERF clearances of the Sire and Dam within the previous 12 months

If a breeder had or has a litter with a sire and/or dam that did not meet health clearances (i.e., a foreign sire or dam) then the breeder may submit a letter to the Breeder Referral Committee requesting an exemption for that particular breeding. The Breeder Referral Committee will have the flexibility to allow a breeder to remain on the Breeder Referral List if they feel the exception is warranted. If the breeder does not agree with the decision of the Breeder Referral Committee, they may request their exception be presented to, and reviewed by, the TTCA Board of Directors.

Liz Hansen, University of Missouri

This article was first published in the Oct-Nov 2009 issue of the TT Times. It announced the discovery of the PLL mutation in Tibetan Terriers. The TTCA Board of Directors and the Health Committee recommend that all breeding stock have a known genetic status for PLL & NCL prior to being bred. Genetic status can be ascertained through testing offered at the University of Missouri or OFA, or as a consequence of knowing both parents have tested genetically clear.

A mutation that causes Primary Lens Luxation (PLL) in many breeds of dogs has been identified by a team of researchers led by Drs. Gary Johnson & Elizabeth Giuliano at the University of Missouri College of Veterinary Medicine. A DNA test for this mutation became available in mid-September 2009 through a partnership with OFA (Orthopedic Foundation for Animals).

Shortly after the announcement by the University of Missouri, researchers at the Animal Health Trust in England also announced that they had found a mutation for PLL. Dr Catherine Mellersh and Dr. David Sargen from the AHT contacted Dr. Johnson, and both research teams have agreed to share data and co-publish this discovery. PLL testing will also be available through the AHT in England, at a price comparable to the fee at OFA.

Primary Lens Luxation is an eye problem well known in many Terrier breeds as well as Tibetan Terriers, Chinese Cresteds, Australian Cattle Dogs, and other breeds. The lens is held in place in the eye by fibers known as zonules. If these zonules stretch or break, the lens can fall out of place, or luxate. When this happens it often requires immediate veterinary attention to remove the displaced lens and prevent painful secondary glaucoma, and sometimes loss vision.

Research at the University of Missouri led to identification of a DNA mutation that predicts which dogs are at risk for developing lens luxation as they age. Working independently and using other breeds, the researchers at the Animal Health Trust found the same mutation a few months later. This independent confirmation of the finding makes both labs confident that the correct mutation has been identified, and that the test is valid for many breeds. A simple DNA test will reveal if a dog is NORMAL (has 2 normal copies of the gene), a CARRIER (has one normal copy and one mutated copy of the gene), or AFFECTED (has 2 mutated copies of the gene). Use of this test will allow breeders to avoid producing individuals destined to develop lens luxation, while still retaining many other desirable traits in their dogs.

From pedigree studies done previously, there has been general agreement that PLL is inherited as a simple recessive trait. This means that a dog needs 2 mutated, or “bad” copies of the gene to show the disease. With the PLL mutation identified, and the research groups able to compare notes on the dogs used in the study, it has become apparent that there are some exceptions. While the vast majority of dogs with PLL have tested AFFECTED, a small percentage of the dogs that test CARRIER are also at risk of developing PLL. Owners and breeders should be aware of this and understand the implications of the test results so that they can make well-informed decisions for the future of individual dogs, and the breed as a whole.

Dogs that test AFFECTED have 2 mutated copies of the gene. The vast majority of these dogs will luxate at 4-8 yrs. of age, the typical age of onset for PLL. There were a few dogs in the study group that tested as AFFECTED but did not luxate until after 8 yrs. of age, and some dogs testing AFFECTED have died from other causes without luxating. A search of published veterinary literature revealed that about 10% of the dogs reported to be clinically affected with PLL had onset of symptoms after 8 yrs. of age. Because of this, the test results will say “AFFECTED/HIGH RISK”.

As stated earlier, dogs testing CARRIER are at a slight risk of developing PLL. Carriers have one normal and one mutated copy of the gene. They could pass either the normal copy or the mutated copy on to their offspring. Because there were a very few cases of dogs in the research groups testing CARRIER who did appear to have PLL, the test results will say “CARRIER/LOW RISK”.

As of October 15, 2009, 202 Tibetan Terriers have been PLL tested during research or as a result of test requests through the University of Missouri or OFA. Of these 156 tested NORMAL, 38 tested CARRIER/LOW RISK, and 8 tested AFFECTED/HIGH RISK. As more dogs are tested, the ratios may change, of course, but this is a starting point. Wise use of the test will allow breeders to keep the good traits in their “risky” pedigrees, while working towards reducing the risk of PLL-affected dogs in future generations. At this time, eliminating all carrier and affected dogs from the gene pool is probably not a wise choice, and could produce a bottleneck that would increase the chances of other problems in the breed, or reduce the opportunities to breed away from other diseases as additional DNA tests become available. Keep in mind that you are not breeding just a test result or just an eyeball, but always an entire dog – all the traits, good and bad, should be considered during the decision-making process.

Breeders and individual owners are now able to test their dogs using the testing kit that can be ordered online through the OFA website (www.OFFA.org). DNA is collected using a cheek swab, and the barcoded sample will be tested by the Animal Molecular Genetics Lab at the University of Missouri, with results reported directly to the owner by OFA.

Owners who had submitted samples for research or DNA banking to the University of Missouri prior to Sept 1, 2009 may request test results for their dogs using a request form found on the Canine Genetic Diseases Network website. Go to www.CanineGeneticDiseases.net, click on GLAUCOMA & LENS LUXATION, and then to SAMPLE SUBMISSION for the request form and instructions.

Owners of dogs that have been diagnosed as affected with lens luxation by an ACVO ophthalmologist are eligible to receive a free DNA test if they send a blood sample, pedigree copy, and a copy of the ophthalmologists report. The form and instructions for testing these dogs is also on the CGD website listed above.

Our thanks to the clubs and many individual owners who have supported this research and participated in the project by supplying samples and information on their dogs, as well as monetary support. We also appreciate support from the Jack Russell Terrier Club of America, and from the Canine Health Foundation for the early stages of this research. If you have questions not answered on the www.CanineGeneticDiseases.net website, you may contact UMC Project Coordinator Liz Hansen at HansenL@missouri.edu.
**CERF Certifications**

The CERF Registry registers those dogs certified free of heritable eye disease by members of the American College of Veterinary Ophthalmologists (A.C.V.O.), and also collects data on all dogs examined by A.C.V.O. Diplomates. This data is used to form the CERF data base which is useful in researching trends in eye disease and breed susceptibility. Not only is this data useful to clinicians and students of ophthalmology, but to interested breed clubs and individual breeders and owners of specific breeds.

To check the status of a dog you are interested in or for information on the CERF registry, contact the Canine Eye Registration Foundation, Inc. at the following address:

**VMDB/CERF**
**P O Box 3007**
**1717 Philo Rd, Suite 15**
**Urbana, IL 61803-3007**
**217-693-4800**

You can also go to the CERF web site to find a wealth of information on eye-related issues as well as a database searchable by dog's name. The web site address is:

[http://www.vmdb.org](http://www.vmdb.org)

Not all breeders register the results of every eye exam with CERF. If you are considering purchasing or breeding to a Tibetan who is not CERF-registered, the breeder (or owner or seller) should be able to furnish you with a copy of an official eye examination report signed by a certified canine ophthalmologist identified as a “Diplomate, American College of Veterinary Ophthalmologists” for any adult, or, in the case of a puppy, both the parents. The form should identify the owner, the dog (including registration number, color/markings), both the birth date and exam date and descriptions with diagrams of each part of the eye although not all parts are pertinent to a Tibetan’s exam.

**CHIC**

The Canine Health Information Center, also known as CHIC, is a centralized canine health database jointly sponsored by the AKC/Canine Health Foundation (AKC/CHF) and the Orthopedic Foundation for Animals (OFA). It can be accessed online at

[http://www.caninehealthinfo.org/goals.html](http://www.caninehealthinfo.org/goals.html).

Data from individual dogs who have health testing recommended by the parent club for their particular breed is collected and entered (whether they pass or fail), with the consent of the owner, into a publicly accessible database. Individual dogs that have all the required testing performed are issued a “CHIC” number and certificate. The Tibetan Terrier Club of America is participating in this registry with results of the following tests being recorded:

- **Hip Dysplasia Clearance (required)**
  Documentation – OFA certificate or PennHip certificate
- **Eye Clearance (required)**
  Documentation – CERF certificate (Annual re-certification required)
- **Congenital Deafness (required)**
  Documentation – OFA certificate based on BAER test
- **Patellar Luxation (Optional)**
  Documentation – OFA certificate
- **Elbow Dysplasia (Optional)**
  Documentation – OFA certificate
- **Autoimmune thyroiditis (Optional)**
  Documentation – OFA certificate from an approved laboratory

OFA and CERF information is supplied by those registries. There is a $25.00 charge per dog (NOT per test) to submit results of other tests to CHIC if you wish to participate.

Further information, including a search feature, can be found on the CHIC web site at [http://www.caninehealthinfo.org/goals.html](http://www.caninehealthinfo.org/goals.html).

### The VOHR: Voluntary Open Health Registry

The purpose of the Voluntary Open Health Registry is to collect health and genetic information on Tibetan Terriers. The record of confirmed cases of specific health problems in Tibetan Terriers are published and available to breeders, giving them a reliable source of health information. It enables breeders to make informed and responsible breeding decisions based upon reliable information with the hope of reducing the incidence of health problems in the Tibetan Terrier. The Tibetan Terrier Club of America, Inc. encourages ALL breeders and owners of Tibetan Terriers to participate in this registry. Any breeder, co-breeder, owner, and/or co-owner listed on the AKC Registration Certificate may submit an affected dog's name for inclusion in the registry.

Dogs affected with the following conditions are eligible for inclusion in the Voluntary Open Health Registry: Cataracts, Deafness, Hip Dysplasia, Lens Luxation, Patella Luxation, and Progressive Retinal Atrophy. All of the conditions are known problems in Tibetan Terriers and can be documented by objective testing.

The Registry contains the registered name of the affected dog, the AKC Registration number, sex, date of birth, and the condition diagnosed, as well as the names of the sire and dam of the affected.

Quarterly publication of new listings are made in the TTCA Newsletter. The Journal of the TTCA contains a full description and a complete listing of entered dogs as of the deadline for that publication in order to preserve a record for future breeders of Tibetan Terriers. Further information is available on the TTCA web site at [http://www.ttca-online.org](http://www.ttca-online.org), or from VOHR Administrator Margy Pankiewicz at [malishar@msn.com](mailto:malishar@msn.com).

**Cumulative TTCA Voluntary Open Health Registry**

**Cataracts**
Partial or complete opacity of the lens and/or its capsule. The prudent approach is to assume cataracts to be hereditary except in cases known to be associated with trauma, other causes of ocular inflammation, specific metabolic diseases, persistent pupillary membrane, persistent hyaloid, nutritional deficiencies, or the use of corticosteroids and other drugs.

2. Ling Kor Idic Soong Ken-Lmzadi; NM683709/03; Female; 7/3/96; Cataracts. Sire: CH. Ling Kor’s Dakini Buccaneer. Dam: Tsering Gartang-Chu Mingma. Breeder: S.R. White

3. Sim-Pa Sweet Angel Face; NM799468/03; Female; 10/15/98; Cataracts. Sire: CH Sim-Pa Major League Player. Dam: CH. All that Glitters BJ. Breeders: L. MacMinn & D. Murray.

**Progressive Retinal Atrophy (PRA)**
A degenerative disease of the retinal visual cells which progresses to blindness. This abnormality, in all breeds studied to date (exception Siberian Husky) is inherited as an autosomal recessive trait. Late onset (8-10 years) along with other neurologic symptoms may indicate Ceroid Lipofusinosis, also an inherited disease.

1. CH Hollywoods Santas Lil Yelper; NM523053/03; Female; 12/21/93; PRA. Sire: CH Hollywoods Magic Merlin. Dam: CH Hollywoods Bubbleym Breeder: Marjorie V. Veerkamp & Sally Throckmorton

2. CH Hollywoods Frosty the Showman; NM523053/04; Male; 12/21/93; PRA. Sire: CH Hollywoods Magic Merlin. Dam: CH Hollywoods Bubbleym Breeder: Marjorie V. Veerkamp & Sally Throckmorton

4. Cinnamon’s Brown Sugar; NM646195/02; Male; 12/12/95; PRA. Sire: CH Barnstorms Patch of Tasha. Dam: Ganden’s Cinnamon Sugar. Breeders: Madalyn Maguire & Debra Sutherland

**Lens Luxation**
Partial (subluxation) or complete displacement of the lens from the normal anatomic site behind the pupil. May be bi- or uni- lateral. Lens luxation not associated with trauma or inflammation is presumed to be autosomal recessively inherited.

1. Kathmandu’s L’il Englishman; NS402808; Male; 6/26/77; Lens Luxation. Sire: CH Hope’s English Tweed of Ti-Song. Dam: CH Kathmandu’s Little Miss Mo-Mo. Breeder: Susan F. Mechem

6. Auras Tar Baby of Regalia; NM533062/04; Female; 2/13/1994; Lens Luxation. Sire: CH Atisha’s The Moor of Africa. Dam: Regalia’s Tulip of Aura. Breeder: Candy Rizowsky

**Patellar Luxation**
An abnormality of the stifle or knee joint leading to dislocation, partial or complete, of the kneecap (patella). With the exception of luxation resulting from trauma, patellar luxation is heritable or strongly suspected to be heritable.

2. Camelot’s Karaja Kyi; NM631110/06; Female; 8/24/95; Patella Luxation. Sire: CH Camelot A Knight to Remember II. Dam: CH Camelot’s Connect the Dots. Breeders: Marie Smizinski & Ron Smizinski

3. Mi-Chunju’s Lady Liberty; NM928764/02; Female; 01/23/02; Patella Luxation. Sire: Rje-Bo’s Sam Che-Po Seng-Ge; Dam: Ch Chuba Pepper. Breeder: Judith Gomez

**Hip Dysplasia**
A developmental disease of the canine hip joint caused by increased joint laxity, abnormal contours of one or both hip joint components or a combination of both. Hip dysplasia is a multiple gene, inherited disease.

1. Camelot’s Karaja Kyi; NM631110/06; Female; 8/24/95; Hip Dysplasia. Sire: CH Camelot A Knight to Remember II. Dam: CH Camelot’s Connect the Dots. Breeder: Marie Smizinski & Ron Smizinski

3. Ch Woodruff’s Desert Sun Revival; NP09098803; Female; 02/13/05; Hip Dysplasia (Mild, Unilateral right); Sire: Ch Woodruff’s Ki Li Ki La; Dam: Woodruff’s Bod-Kham Bessie; Breeder: Linda W. Bell

**Deafness**
A BAER Test along with a statement of diagnosis by the veterinarian performing the BAER Test identifying the dog and stating if the dog is unilateral or bilaterally deaf.

3. North Moon’s Tashi; NP02584106; Male; 04/16/03; Unilateral Deafness – left ear; Sire: CH Sheydon’s Cha-Shah; Dam: CH Mi-Chunju Jomo Cera; Breeders: Kathleen A Stanuch and Judith Gomez
4. Rama Kha’s Symbol of Strength & Valor; NP24464701; Male; 11/05/09; Bilateral Deafness. Sire: Ch Sunclipse Becuz Chix Dig It; Dam: Ch Kha-Ling’s Bella Del Largo. Breeders: Frances Eve Kridakorn & Kittilax Apple Kridakorn.

**Canine Cereoid Lipofuscinosis (CCL or NCL)
Tibetan Terrier Club of America Voluntary Open List**

Canine Cereoid Lipofuscinosis (also known as neuronal ceroid lipofuscinosis) is an inherited neurological disorder affecting Tibetan Terriers for which there is no known cure. It is a multi-systemic storage disease thought to be caused by an inborn error of metabolism. This metabolic error results in the accumulation of storage bodies thought to affect the ability of nerve cells to function.

CCL (NCL) in Tibetan Terriers has been characterized by manifestation of at least some of the following symptoms and diagnostic observations: decrease in or loss of vision, particularly in dim light; changes in dark adaptation; ataxia, a loss of normal muscular coordination and movement, often associated with an irregular gait, loss of balance, and a roaching of the back; a progressive Alzheimer’s-like dementia, which can include difficulty adapting to changes in environment, confusion, aggressive behavior; seizures in the advanced stages of the disease; magnetic resonance Imaging (MRI) changes; and accumulation of storage bodies within the brain, retina, and other tissues, observable with fluorescence and electron microscopy. It is considered to be a simple autosomal recessive disorder.

CCL (NCL) in Tibetan Terriers has been characterized by manifestation of at least some of the following symptoms and diagnostic observations:

- decrease in or loss of vision, particularly in dim light
- changes in dark adaptation
- ataxia, a loss of normal muscular coordination and movement, often associated with an irregular gait, loss of balance, and a roaching of the back
- a progressive Alzheimer’s-like dementia, which can include difficulty adapting to changes in environment, confusion, aggressive behavior
- seizures in the advanced stages of the disease
- magnetic resonance Imaging (MRI) changes
- accumulation of storage bodies within the brain, retina, and other tissues, observable with fluorescence and electron microscopy.

It is considered to be a simple autosomal recessive disorder.

More information about the storage disease NCL/CCL in Tibetan Terriers including symptoms, current research, and blood sample submission can be found at

[http://www.caninegeneticdiseases.net/CL_site/basicCL.htm](http://www.caninegeneticdiseases.net/CL_site/basicCL.htm)
[http://www.caninegeneticdiseases.net/CL_site/CLforms.htm](http://www.caninegeneticdiseases.net/CL_site/CLforms.htm)

The TIIS also maintains a listing of Tibetan Terriers which have been diagnosed either by conjunctival biopsy or necropsy at:

[http://www.tibetanterrierinternational.se/holdme.htm](http://www.tibetanterrierinternational.se/holdme.htm)
(click on TIIS list and then go to CCL listing)

A diagnosis of NCL has been confirmed for the following Tibetan Terriers by Martin L. Katz, Ph.D., of the University of Missouri, using fluorescence microscopy and EM (electron microscopy) to confirm inclusions in neural and retinal tissue obtained at necropsy. This list includes only dogs whose owners or breeders have voluntarily agreed to release this health information.

T.I.I.S.
Tibetan Terrier International Information System
2009 Update

The original list appears in the 2001 JOURNAL pages 106-144 with yearly updates found in subsequent JOURNALS. The list is also available from the TTCA Health Committee. Updates are published yearly or on an as-needed basis. A complete listing of all cases reported worldwide as far back as 1963 can also be found at the TIIIS website: http://www.tibetanterrierinternational.se/holdme.htm. There is also information available giving contact information if you wish to submit cases of your own. Cases reported to the VOHR are also added to the TIIIS list.

**National Obedience Ranking Systems**

**Delaney System – Tibetan Terriers, 2009**

The Delaney System is open to all AKC registered dogs. Scores are taken from the AKC Gazette in Novice, Open, and Utility classes; points are awarded a High In Trial or first through fourth placement wins in accordance with the number of dogs over which the wins are scored.

<table>
<thead>

**AKC Agility Statistics**

**2009 Rankings – Delaney System**

All the dogs who placed 1-4, regardless of class, were combined in one ranking, the Delaney System Ranking. Each dog who placed received 1 point for each dog they defeated. The points were totaled at the end of the year and the dogs ranked according to number of points.

**QUASAY Agility Ranking System**

The QUASAY system ranks dogs on the following criteria:

1. **Number of Qualifying Scores**
   The highest number of Qualifying scores is ranked highest. Example: 3 Q's is ranked higher than 2 Q's.

2. **Average Score**
   If there is a tie for the highest number of Qualifying Scores, then the highest Average Score of those Q's is ranked highest.

3. **Average Yards per Second**
   If there is a tie for the highest number of Qualifying Scores and the highest Average Score, then the fastest Average Yards Per Second is ranked highest. Yards Per Second are computed by dividing the course yardage by the dog’s time, resulting in the speed that the dog ran the course.

2009 Rally Rankings

AKC Rally provides a link from the Canine Good Citizen® (CGC) program to obedience or agility competition, both for dogs and handlers. In addition, rally promotes fun and enjoyment for dogs at all levels of competition.

Delaney System Rally Ranking

All the dogs who placed 1-4, regardless of class, were combined in one ranking, the Delaney System Ranking. Each dog who placed received 1 point for each dog they defeated. The points were totaled at the end of the year and the dogs ranked according to number of points.

A PLACE IN OUR HEARTS

They will not go quietly,
the dogs who’ve shared our lives.
In subtle ways they let us know
their spirit still survives.
Old habits still make us think
we hear a barking at the door.
Or step back when we drop
a tasty morsel on the floor.
Our feet still go around the place
the food dish used to be.
And, sometime, coming home at night,
we miss them terribly.
And although time may bring new friends
and a new food dish to fill,
That one place in our hearts
belongs to them…
and always will.

Linda Barnes
A memorial to the late, great

Rags
Ch. Slim-Pa Lea’s Ragtime Cowboy ROM

There is only ONE WORD that comes to mind when describing Rags .... "GREATNESS"

He was an exceptional dog, both in the ring, and at home. He was bred and owned by Laurel MacMinn and Lan & Cathleen Schweitzer and owned and handled by David Murray. He was loved by, and lived out his retirement years in the lap of luxury close to the ocean with Dick and Rose Marie Perry.

The success enjoyed by him, his ancestors, and his progeny all the NATIONAL SPECIALTY over the years is, in a word, REMARKABLE. The statistics below are staggering.

In 1997 Rags was awarded Best of Breed.... BEFORE HIM ......

- 1988 | Best of Breed | Ch. Ashante’s Too Hip Gotta Go (His Grandfather)
- 1991 | Best of Breed | Ch. Lan Lin's Limited Edition (His Aunt)
- 1995 | Best of Breed | Ch. Slim-Pa Major League Player (His Uncle)

AFTER HIM ......

- 1998 | Best of Breed | Ch. Shayvon Taing Dolak CDX (His Great Aunt)
- 1999 | Best of Breed | Ch. Excellura Stocks and Stones (His Nephew)
- 1999 | Best of Opposite | Ch. Lan Lin’s Sundance Sparkler (His Grandmother)
- 2000 | Best of Breed | Ch. Lan Lin’s To The Max (His Cousin)
- 2001 | Best of Breed | Ch. Slim-Pa Lea’s Rezrataz (His Half Brother)
- 2002 | Best of Breed | Ch. Excellura Stocks and Stones (His Nephew)
- 2007 | Best of Breed | Ch. Players Prodigy (His Son)
- 2008 | Best of Breed | Ch. Players Prodigy (His Son)
- 2009 | Best of Opposite | Ch. Players Protocol (His Granddaughter)

Countless Grand-kids, Great Grand-kids and other relatives are in the ring today and his stamp on the breed will undoubtably be present for generations to come.

Our Dear Rags, you will be missed but never forgotten.
In Memory of
Excalibur’s Sunny Sky Skyler
April 15, 1999 – April 16, 2010

Our darling little boy
Skyler always made us
laugh or smile with his
great personality. He was
always ready to play until
the very end. He was our
very special boy; he will
always be in our hearts
and never be forgotten.

The love of our life.
Jim & Judy Cahill
Sedona, AZ

Champion Jazzy
aka Jumpin’ Jazznifer TT
April 19, 1992 – February 13, 2010

February 13 was a heart breaking day for us, unlike most
celebrating Valentine’s Day. Our dear Jazzy left our world just two
months short of his 18th birthday. The vets were amazed at the
strength of his heart, that of a two-year old, they said. His arthritis
was just too much to bear and he was no longer able to move
comfortably. He was regal and strong until the very end.

Devastated with a decision that had to be made, Jazzy left us
for the green rolling meadows over the rainbow bridge where he
could frolic like the young little reindeer he so reminded us of.

To the Holinger family... I couldn’t have asked for a
better place for him to live out his last years with you in your
loving arms.

The pain has not lessened for us and our tears still fall.
Upon leaving us behind, please know that Jazz offered of
himself—some of his remains to help find a DNA marker for PRA.

A Champion in the ring in 16 days as well as a Top 10 TT
while still in the classes, he went away leaving his mark in the
show world as well as in the breed, hoping to make it a better
place for those he left behind.

Greatly missed by
Dr. Paul, Joni, & Campbell Holinger, Monroe and Nikkie Kinziger.
In Loving Memory of
Freckles

Ch. Kiara Arkeden’s Explosion

We miss your “roo roo roo” every day.
You were a great daddy. And “you lived on Sea
Avenue.” You fought a great fight, Freckman, and
one day you’ll be sleeping on my head again.

All our love,
Lynn & Alan Julien

In Loving Memory
Nikki
Ch. Barnstorm’s Nick at Night
3-4-1995 – 6-25-2009

Nikki was one of the many Barney (Ch. Rallo’s
Barnstorm’s Last Emperor) champions. She, like
her mother Ch. Barnstorm’s Little Miss White,
was always into something. As we watched her
playing she was always elegant and graceful.
She attained her championship at the Chicago
International Kennel Club show with an
impressive Best of Opposite Sex.

We cherish every day you spent with us and
you will never be forgotten.

Pat Bernard and Dennis Bernardo
Barnstorm Tibetan Terriers
Of the six or more breeds of dogs we have owned over the years, Cruiser was the finest one in every category. He was very affectionate, minded impeccably, never did anything wrong, and was never destructive in any way from the day we brought him home as a puppy. He was the number one Tibetan terrier in the country in obedience for six years, collecting a huge bevy of titles and awards. We will never stop missing him, especially on our long walks together.

Bruce and Sandy White

Ganden’s Ti-Chang Cruiser, UDX, RN, CGC, C-CDX, U-CDX
12-12-1995 – 5-10-2009

Our golden boy, Tiger, is very much missed. We were so honored to be included in Jane Reif’s book showing the different colors in the breed. We are also proud of his kids and grandkids. We hope to see more of his progeny through his frozen sperm.

Rest in Peace, My Boy.
Maggie and Bob Maguire

Mugsy finished with three majors with Winners Bitch from the Bred By Class at the TTCA Supported Entry at IKC on February 22, 2009. The following weekend she went out as a Special and came home with a Group 1 and a Group 4 at 10 months of age!

A huge “Thank You” to
Donna Ogden, Cedar Creek Tibetans.
This would not have been possible without her support and friendship.

Congratulations to Sunclipse Becuz Chix Dig It “Dexter” on the success of all of your offspring. You Rock!!

Bred, handled and owned by Susan Van Hecke

Our boy “Shiloh” is comfortably settled with us at home... and loving it... as we are too, if not more so!

So far, he’s proven to be 100% true to the TT standard, particularly when it comes to loyalty, love, fun and companionship... who could ask for anything more??

Benny 

CH Salishan Ben There Done That

NP12150701  CHIC 45968

Junior Handler Savannah Livingston and Benny had a great 2010 with multiple Group placements and just a lot of fun before school started. Next year Savannah is looking forward to showing Benny in breed at Westminster and also following up her successes last year competing in Junior Showmanship.

Gary and Susan Carr and Karen Tower

Lila is cheerful and outgoing with excellent movement. After winning BOB and Best in Show, Bred by Exhibitor, handled by her breeder, Betsy Richards, she is moving on to the Obedience and Rally rings.

Thanks for the fun, Lila!
